

Student Position: IT-Management / System Administration

The fortiss research institute is looking for a student to assist with IT-Management and system administration.

Applicants should have experience/interest in managing a heterogeneous IT-Infrastructure. Salary is according to the payment for student assistants at the TU München.

fortiss GmbH is a fast-growing non-profit research organization funded by the Bavarian Ministry for Economics. fortiss has tight links with TU München and its Department of Informatics.

fortiss is situated in the north of Schwabing close to U6, 10 minutes away from Marienplatz and 20 minutes to the TUM research campus in Garching. We offer a productive working atmosphere and a very modern infrastructure.

If you are interested, please, send a short curriculum vitae and academic transcripts.

For any enquiries or further information, send an email to Helge Hansemann (hansemann@fortiss.org) or visit our web site at <http://www.fortiss.org>.
